

CONGRESSIONAL LUNCH BRIEFING

***“Securing a stronger America through increased U.S. production of
healthful, sustainable, and affordable seafood.”***

A vibrant U.S. aquaculture industry will create American jobs, complement production from wild fisheries, and increase sustainable US sources of healthy protein. Policymakers should continue to examine ways to clarify regulatory processes that allow for greater investment in sustainable U.S. seafood production through aquaculture.

What: Enjoy a seafood lunch provided by Red Lobster while learning about sustainable U.S. seafood production from the experts who know it best.

When: Tuesday, March 5th 12:00 – 1:00 PM
